ABOUT ME

My passion is to work to acomplish a goal that has an immediate impact on the world. I believe that working and collaborating with amazing and talented people is the best way to obtain the most innovative solutions with modern tecnologies. I like learning because I truly believe self-learning is one of the most important skills I have as well as being well organized on my daily basis.

EDUCATION

UNIVERSIDAD DE GUADALAJARA (CUCEI)   Guadalajara, MEX
Computer Engineer   Aug 2017 - Present
